KELLY L. GEYER

111 Cummington Mall #140C, Boston, MA 02215 | klgeyer@bu.edu | https://kgeyer.github.io/

EDUCATION

Ph.D. Statistics — *Expected 2022*
Boston University — *Boston, MA*
Research focus: Bayesian modeling of multimodal genomic data

M.A. Statistics — *Dec. 2019*
Rice University — *Houston, TX*
Project: Regularized Tensor Decompositions for Interpreting ECoG Data

B.S. Statistics & B.S. Mathematics — *May 2012*
Virginia Tech — *Blacksburg, VA*
Concentration in applied computational mathematics

EXPERIENCE

Research Fellow — **Boston University**
Boston, MA — *Jan. 2020 – Present*
- Analysis of multimodal genomic data using Bayesian topic modeling.
- Bayesian model development and testing with Stan & pyMC3.

Research Assistant — **Rice University**
Houston, TX — *Aug. 2016 – Aug. 2019*
- Project I: Regularized tensor decomposition for interpretation of ECoG data
  - Design methodology for associating regions of brain with audio-visual stimuli.
- Project II: Implicit regularization and solution uniqueness in over-parameterized matrix sensing
  - Seek to the improve understanding of implicit regularization in neural networks.
- Project III: Bayesian variable selection in Dirichlet-multinomial models for topic models
  - Application to structured topic models for analysis of deceptive news articles.
  - Supporting tasks: web scraping, text processing, database, and entity disambiguation.

Assistant Staff — **MIT Lincoln Laboratory**
Lexington, MA — *Sep. 2012 – July 2016*
- Social network exploration of multimodal social media data.
- Feature engineering of unstructured data, and natural language processing.
- Created software for researchers to easily create and analyze social media networks.
- Assisted with the development & testing of coherent change detection algorithms for satellite imagery.

Associate Engineer I — **Lakota Technical Solutions, Inc.**
Columbia, MD — *May 2012 – Aug. 2012*
- Implemented image processing pipelines in C++

Associate Statistical Collaborator — **Laboratory for Interdisciplinary Statistical Analysis & StatCom**
Blacksburg, VA — *March 2010 – May 2012*
- Analyze, interpret, and explain data results for researchers at Virginia Tech.

Undergraduate Scholar — **Biocomplexity Institute of Virginia Tech**
Blacksburg, VA — *Feb. 2011 – May 2012*
- Statistical analysis of associations between microsatellites and types of cancer.

Undergraduate Research — **National Institute for Mathematical and Biological Synthesis**
Knoxville, TN — *Summer 2010*
- Performed longitudinal study of insect biodiversity in the Great Smoky Mountains National Park.

TEACHING ASSISTANT EXPERIENCE

Statistics I	Undergraduate level	Boston University	Fall 2019
Statistical Inference	Graduate level	Rice University	Spring 2018
Statistical Computing & Graphics in R	Graduate level	Rice University	Fall 2017
Probability & Statistics	Undergraduate level	Rice University	Fall 2016 & Sp. 2017

LEADERSHIP

Organizational Service

Graduate Student Representative	Dept. of Mathematics & Statistics, Boston University	2020+
Organizer of Admitted Ph.D. Student Visit	Dept. of Statistics, Rice University	Sp. 2020
College Campus Recruiting	MIT Lincoln Laboratory	2014-2016

Supervision of Undergraduate Student Projects

Directed Reading Program: Bayesian Statistics	Boston University	Fall 2020
Network models of deceptive news	Rice University	Summer 2018
Classification of deceptive news	Rice University	Summer 2017

Supervision of Graduate Student Projects

Content-based classification for targeted sampling & community detection with Twitter data	MIT Lincoln Laboratory	Summer 2016
Clique detection within Twitter networks	MIT Lincoln Laboratory	Summer 2015

PROFESSIONAL COMPENTENCIES

Select Graduate Coursework	Statistical Inference, Machine Learning, Bayesian Statistics, Deep Learning, Optimization Theory, Online Learning, Time Series Analysis
Programming (Proficient)	Python, R, Matlab
Specialized Libraries	Stan, TensorFlow, pyTorch, pyMC3, NLTK, Tensor Toolbox
Operating Systems	Linux, MacOS, Windows
Other Frameworks	PostgreSQL, Git, grid/cluster computing, LaTex
Programming (Introductory)	C++, Java, SAS

AWARDS

Travel Grant, Graduate Student Organization, Boston University	2021
Travel Award, Dept. of Mathematics & Statistics, Boston University	2020x2
Undergraduate Research Award, Dept. of Statistics, Virginia Tech	2012
Johns Hopkins Applied Physics Laboratory Scholarship	2008-2012
Marion & Charlotte Eckert Statistics Scholarship, Virginia Tech	2008
